OUR NATIONAL INDEPENDENCE.

Eighty-Sixth Anniversary of the Occasion.

HOW IT IS TO BE CELERRATED.

GRAND MILITARY PROCESSION.

Coremonies at Tammany Hall and Cooper Institute.

The eighty-sixth anniversary of the glorious day which dawned on a free people, who had fought for the priceless boon of liberty against the hordes of a tyran-nical foreign Power, will be celebrated to day with all the pomp and circumstance peculiar to our institutions. Although we may not expect the celebration to-day to be characterized by as much ecket as on former occasions, in consequence of the absence of our military bodies from the city, yet we can readily imagine that the exuberance of patrictic feeling will be immeasura-bly greater. The Fourth of July has now a more hal ce in the heart of every American citizen that It is a day which brightens up sacred memo the annals of our country has an anniversary ty had such historic significance as this. Our relathers bequeathed it to us fresh and unpolluted om the field of battle. Their blood flowed over the ad to call it into existence. No wonder, then, that an

programme which is to be carried out to-day is outly elaborate to insure a grand and effective dis ing with fireworks. If there be a lack of marching sol-liers and military music, there will be no deficiency in er, and people of a larger growth will doubtless con-bute their best efforts to commemorate the day in s

THURSDAY, July 3-6 P. M. This has been a very blue day in Wall street. One of the most sweeping panics that we have ever witnessed prevailed during most of the day. Rumors of the most exaggerated character were affect, and, owing to the refusal of the War De-partment to allow the truth to circulate, gained me credence.

being the general rate. A large number of loans were called this morning, and, as a general rule, were promptly paid. The banks notified the Board of Brokers that they would call all their cans to-day if there was no session of the Board on Saturday. The resolution adjourning over to Monday was consequently rescinded, and there will be a morning session, as usual, on Saturday. Certificates of public indebtedness were offered at At the first board this morning the market de-

elined heavily. The decline of government sixes was 2, on 7.30 notes 5½, on Tennessees 5½, on Missouris 4½, on Pacific Mail 4, on New York Central 31/2, on Erie 2, on Erie preferred 11/2, on Hudson I, on Harlem 3, on Michigan Central 3, on outhern old 21/4, on guaranteed 21/4, on Panama 5, on Illinois Central 3, on CleveRnd and Pitts-burg 2, on Galena 3½, on Toledo 2½, on Rock Island 2½, on Prairie du Chien 2½. Railway bonds were greatly depressed, and declined from 3 to 8 per cent. At the close of the first board people began to reflect a little, and some one discovered that government bonds and Treasury otes could not well be worth less than government scrip, which is the chief currency of the country. A reaction naturally followed this disovery, and 7.30 notes rose to 103, and United States sixes rallied to a premium. New York Central likewise rallied 1 per cent, and people generally began to realize that, however disheartening the state of affairs in Virginia may be, it cannot impair the currency value of Northern railway shares and bonds. Toward two P. M. some more stock came into the street from frightened holders, and another downward plunge ensued. At the second board the market took an upward turn again, prices being generally from 1/2 to 11/2 per cent better than in the morning. Stocks closed firm, the following being the last quotations:—United States 6's, registered, 1881, 100 a 100½; United States 6's, coupon, 1881, 100 a 100½; United States 5's, 1874, —a 91; Treasury notes 7 3-10 per cent, 102 a 102½; Tennessee 6's, 52 a 52½; Virginia 6's, 55½ a 58½; North Carolina 6's, — a 71; Missouri 6's, 46 a 46'/2; American gold, 110 a 110'/4; Pacific Mail, 111'/4 a 112; New York Central, 88'/4 a 88'/4; Erie, 34'/4 a 34; do. preferred, 61'/4 a 61'/2; Hudson River, 45 a 46; Harlem, 14 a 14½; do. preferred, 35 a 35½; Reading, 55½ a 57; Michigan Central, 57½ a 57½; Michigan Southern and Northern Indiana, 23¾ a 24; do. guaranteed, 52% a 53; Panama, 130 a 130%; Illinois Central, 571/4 a 571/2; Galena and Chicago, 663/4 a 67; Cleveland and Toledo, 45½ a 45½; Chicago and Rock Island, 61 a 61½; Chicago, Burlington and Quincy, 74½ a 75; Milwankee and Prairie du Chien, 30½ a 31; Erie third mortgage, — a 98; Michigan Central 8's, first mortgage, 102 a 196;

Illinois Central 7's, 30 a 90%.

After the second board the telegram announcing he successful fight of General McClellan on Monday was received, and the market improved. At the close 110 was bid for gold, 112 for Pacific, 89% for Central, 34% for Erie, 61% for Erie preferred, 14% for Harlem old, 36 for preferred, 56 for Reading, 57% for Michigan Central, &c.

As was expected, the news of the disaster in Virginia caused a further advance in the price of gold to-day, and likewise in the rate of foreign exchange. Gold sold at 1101/2, closing 1101/2 a 1/4; exchange on London rose to 122, closing 1211/4 a chiefly importers; there is very little demand at present from the parties who have been sellers of American stocks for European account.

The scarcity of currency becomes more marked daily. Rumor states that some banks have not enough government or bank notes to pay checks. Deposits at the Sub-Treasury have ceased altowether from the want of paper that can be received on deposit. The business of the Sub-Treasury was as follows to-day:-
